Program: Judy Russell will be presenting *Inventing America – Records of the U.S. Patent Office*

Program Description:

Inventing America – Records of the U.S. Patent Office

Americans have always been tinkerers and inventors. Records of the U.S. Patent Office can enrich any family's history. Where can those records be found today, and what can they tell us about our families?

Judy G. Russell, J.D., CG, CGL, is a genealogist with a law degree who specializes in providing expert guidance through the murky territory where the law, genealogy and history intersect. She holds the credentials Certified Genealogist® and Certified Genealogical LecturerSM from the Board for Certification of Genealogists® where she currently serves as a member of the Board of Trustees.

A long-time member of the adjunct faculty at Rutgers Law School in New Jersey, she now also teaches at IGHR and SLIG, and GEN-FED, lectures at national, regional and state conferences, and has written for the *National Genealogical Society Quarterly* and the *National Genealogical Society Magazine*, among others. Her daily blog, "The Legal Genealogist," is widely popular and thought-provoking.
